OUR MISSION

A sanctuary for the homeless, Rescue K911 is dedicated to providing food, medical care and shelter, along with caring hearts and loving arms. Giving each rescued animal another chance at life and love.

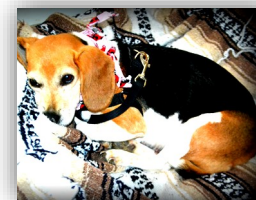

Making a difference...one precious life at a time.

After ringing our adoption bell, Larry and I are standing on the front porch of Shadow's Rest waving goodbye, trying our best to hold back the tears. Julie and Jack are getting in their car holding tightly to their newly adopted family member, Annabelle. It will be a long trip back home as they drove all the way from Florida, even with Hurricane Matthew churning out in the Atlantic to adopt this little girl they had fallen in love with. Wiping away the tears, I couldn't help but remember that hot July evening when we received an urgent email:

Dear Rescue K911:

I am visiting Lake Martin from Huntsville, and I found a small Beagle dog on the side of the road, dehydrated, starving, and near death due to the heat, but she was still walking. She is super sweet and came right to me, and then, just passed out from fatigue, in the front seat of my car. I gave her some food and water, after she cooled off, and now she is sleeping on the porch of the Lakehouse I am visiting, she is exhausted. I am so hoping that she can be rescued. Please call me if you can. Jennifer

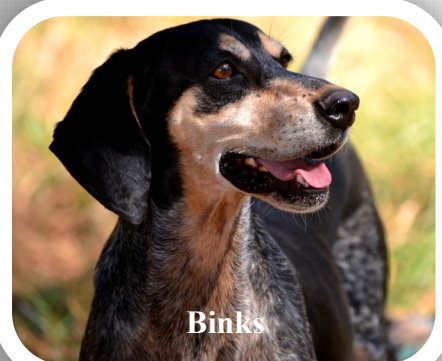

Annabelle came to us the very next day, and we immediately fell in love with this little beagle. She was in pretty bad shape. We took her to the vet who diagnosed her with Pyometra and Immune Mediated Hemolytic Anemia. Annabelle slept for days barely moving. But, with care, medication and then surgery, it wasn't long before she was up and about, doing all the things Beagles like to do. Across the miles a lovely family in Florida saw her picture on Petfinder, fell in love and made application for adoption.

Annabelle left us today for her new home, but not without taking a piece of our hearts along with her, and heartfelt thanks to Jennifer for finding her that fateful day.

Update: We hear Annabelle is doing well in her new home. Hiding her bones, loving her new bed, and especially her toy box. ☺
