A Line from Lorraine...

Dear Rescue K911 Family:

I think I speak for all surrounding shelters and rescues in our area when I say, this has been one tough summer! Never before have we seen such an influx in incoming unwanted animals., and in record breaking numbers.

Lorraine

We ourselves have taken many in, from puppies dropped off in the middle of roads, to the elderly dogs with no one to care for them. Through all this one thing is for certain, we could not have made it through without you. Just when we needed food, your kind gifts arrived; just when we needed puppy formula, your kind gifts arrived; just when we needed to pay our outstanding vet bills, your kind gifts arrived. Thank you for always being there for us, and blessing us so.

Speaking of blessings, I would like to take this opportunity to thank our most wonderful veterinarian, Dr. Michelle Karagas. We don't know what we would do without her. Never before have we ever had a veterinarian with such a heart for animals and how we value her expert care for all of our rescued dogs. Just like you, she is always there for us...from the good, to even the worse of times, she is right there—crying along with us.

Dr. Michelle

Thank you, Dr. Michelle for all your wonderful help to our little ones!"

Thank you each one for all your love and support to the dogs of Rescue K911. We couldn't do this work without you. Please keep us in your thoughts and prayers for strength in the days ahead.

Thank you for helping the homeless!

Planned Giving: A Generosity of Spirit

So many of us are fortunate enough to share our lives with animals. The gift of the unconditional love of a dog or the honor of being chosen by a cat...our animals display a generosity of spirit which makes our lives fuller and richer.

Throughout our 20 years of rescue work we have received several calls from precious folk about including Rescue K911 in their estate plans. It is a desire to honor this spirit that leads to this decision to make a lasting difference for animals. What a blessing it would be, and we hope that you will consider making a planned gift to Rescue K911 to pay tribute to the animals in your life who have given so much. Your gift will allow us to continue our work to save the lives of homeless pets in the future and ensure a legacy of compassion and kindness for homeless animals.

Our Cover Girl...June Bug

June Bug - Upon Arrival

We had received an urgent call about a homeless dog in great need. The kind people, Jane & Billy, had found her at their Condo complex after seeing her along the roadside 4 day earlier. They asked us if there was anything we could do to help. Jane sent me a picture and right away we knew we had to help this little girl.

It's been awhile since we've had a little one come to us in this bad shape. Special thanks to our vet, Dr. Michelle Karagas who made a special trip out to the rescue to check her out. First of all the obvious, this little elderly 10lb Chihuahua mix has been long neglected and on her own for quite awhile. She was covered in fleas and over 100 ticks. Immediate medication for that. She had a ruptured eye which will need to be removed as soon as possible. She has nails so long on her back legs she cannot put down her rear left leg. She has mammary tumors along both sides which also will require surgery, along with a bacterial infection on her skin. She was in pain and wanted to bite, so much so we had to muzzle her in order to begin treatment. But just looking at her little battered body we wanted to give her all the love and care she had long been denied. She was eating good and can now finally rest from her travels knowing she is safe. We named her June Bug.

Update: June Bug has fully recovered and is doing well. She no longer bites and we are looking to find just the right home for her that would give her the love and patience she needs.
