## A Line from Lorraine...

*I will never forget that first night, back in 1997, when Larry & I pulled up onto this seven acre property. We had just signed the mortgage papers and were anxious to see what our new life held in store. As we drove up the driveway, the moon peeking up over the old barn, two deer jumped up as our headlights shone on them from under the pecan trees. Little did we know our future from that night forward, but one thing was for sure, we knew we were where God needed us to be!*

*We hadn't lived here for more than two weeks until we found a stray dog (Cootie) under our house and then shortly after that another (Snickers), along the roadside. We didn't think much about it just that our furry family of 4 other dogs had just increased, and our eyes opened to the plight of unwanted dogs abandoned in the country.*

*Can't say it has been easy, these past 20 years as we have grown as a rescue and the hundreds of dogs (and some kitties too) that have passed through. There have been some pretty happy days and some pretty sad days as dogs are rescued, brought back to health and then onto forever homes and even with your best efforts and best intentions there is still loss and sadness. But what has brought us through is the wonderful people we have met along the way that have helped us along. You have prayed for us, you have supported us, you have come and given of your time and helping hands, you have adopted from us and most of all loved our rescued dogs.*

*Am asking God to give us health and strength for another 20 years, as we do what we are called to do here at Rescue K911, helping the homeless!*

**Thank you for helping the homeless!**

## Did you know....

*Did you know that—that scruffy dog that graces our donation/return envelopes is none other than an artist rendering of our very first rescue, Snickers? It was a hot July afternoon, 20 years ago, that we stopped to help a little homeless dog along a rural road. He was covered in fleas and ticks, and such a skeleton of a dog. That night during a bath he collapsed in our arms. The next day the vet said that he had been starving a long time and may not make it as his organs had been compromised. But Snickers did make it and was with us for 10 years. He was our first rescue and opened our eyes to the plight of the homeless. We will never forget him and he is still to this day such an important and included part of Rescue K911. He started it all and everything we do is because of him. Such a legacy. Thank you Snickers!*

## Blessings & Special Thanks

Thank you Ken Kirkley & Kirkley Flooring for donating and installing our beautiful new flooring in Shadow's Rest. This is our space for special needs dogs, elderly, blind, that need a more home like environment. What a blessing to us, and so much easier to clean. What a wonderful help to us. Thank you for helping the homeless dogs of Rescue K911!!!

We were so honored and humbled again to be a part of this years Auburn University AUCVM Class of 2019 Dodgeball Tournament held in loving memory of Sasha Dison, a little nine year old girl who fought a great fight against cancer and who had a great love of animals. Her love and legacy live on as her family spreads her message. Thank you for letting us be a part of something so loving. Several of our recent rescue's medical bills were helped because of little Sasha.

Little two year old **KB** knows how to throw a party with all of her presents going to help the dogs of Rescue K911. What could be more wonderful? I see a future volunteer here! Thank you so much!

## Twilight

It doesn't happen often, but every once in a while a kitty comes across our path in need of help. Such was the case one recent late afternoon Larry and I were going out to dinner, and we noticed something black up ahead in the road. As we drew closer we could see it was a kitty cat. Seeing us, she ran across the road down in a ditch towards a culvert that ran under the road, and no doubt where this homeless kitty was living. I asked Larry to stop and I got out and called out to her, "*Little Kitty do you need some help?*" Now, this is usually the time that many felines before her, like a bolt of lightning, have taken off, never to see them again. Not this little girl; she opened her mouth and meowing told me all about it and that indeed she needed some help and came running jumping right in my arms. It wasn't until I got back into the car with her that I thought...oh no, what do I do now??? Rescue K911 is set up for dogs and that's what we do. Not really a safe place for kitty cats. Dinner plans now dashed we went to several area houses and no one had ever seen her. We took her to our vet, Dadeville Animal Clinic, to be checked out and boarded overnight while we made a safe place for her. In the meantime, we made a plea across Facebook for someone who could foster our little Twilight. We got a response almost immediately from some of our own Rescue K911 family members, Regina and Kelcey. Living in Florida but also coming to Auburn from time to time, they just happened to be in town that weekend and would like to come the next day to meet Twilight. It was love at first sight for both parties. Little Twilight now has a loving home with a family that will love and care for her. We hear she is doing well and made herself at home and is getting along with Willow the dog, also adopted from Rescue K911. How wonderful is that!
